Welcome to GURUKUL

Dear Students & Parents,
Welcome to Career Point Gurukul.

The magic that a residential school has on a child can be traced back to the times of our mythologies like Mahabharata and Ramayan. Princes were sent to Gurukul away from their palatial adobes to learn the basic tenets of life and gain self-confidence, decision making ability, camaraderie, leadership traits, man management, adaptability, sociability etc, as these make the personality of a person. It is the personality, which will tomorrow ensure the success of a child together with his academics.

Keeping this in mind Career Point Gurukul provides holistic development for the child which includes Best Academics, Best Personality Grooming, Life Skills Development and Strengthening Leadership Qualities. The school also provides integrated coaching by experts to prepare students for competitive examinations like JEE, NEET & Olympiads.

CP-Gurukul aims to provide disciplined routine life and result oriented learning. The time spent by a student at CP-Gurukul is not just the gathering of memories for a lifetime, but also making him/her accomplished individual. It is about living, learning and growing together.

Amazing place for learning - Simply Perfect

Actually it was not mine but my brother's decision that I should join CP-Gurukul. I feel that it was one of the best decisions ever made in my favour. My experience at Gurukul was just amazing it is the perfect place for studying where all kinds of support may it be academic or non academic is provided. The best thing is that every facility is within the campus. All faculty members were very cooperative and helped us in clearing all our doubts. I must say overall Gurukul is an amazing place for learning.

Studious Atmosphere with experienced faculty

Being a part of this institute proved to be one of my best decisions. I spent my XI grade in the hostel and it was the first time for me to be away from home (Saudi Arabia to be particular) and bit difficult for me to concentrate on studies. But in the XII Grade when my mom came to stay along with me in MATRACHAYA, I improved my grades and got into the 'Lakshya Batch'. The faculty and the staff here are very friendly and address to all our requirements. I wouldn't have ended up in NIT Calicut without the support of my faculty and studious atmosphere of Gurukul.

Best Faculty and Superb teaching methodology

At CP Gurukul, I received everything that me any my parents expected. Best faculty with superb teaching methodology for cracking any competitive exam be it IIT, NEET, KVPY, SCRA or any other. The staff or the administrative officer at Gurukul treated us like their own children. I'm currently at NIT Kurukshetra due to mentoring received at Gurukul but here I miss the food which I use to get at Gurukul. Environment at Gurukul has taught me hardwork, focus and has cultivated a will power in me that can help me to reach the summit of any mountain in life.

Academic excellence with life skills

I Saksham Srivastava was a student at CP Gurukul for academic session 2015-2017. The time I spent here was incredibly great. I not only acquired academic excellence but also learned life lessons. The campus is rich in opportunities both academic and co-curricular. The lush green campus was the reason I could stay healthy and active through these two crucial years of my life, which wasn't the case with few friends of mine living in Kota city. The team of teachers here is excellent, the support staff is always there to help and the hostel life is fun here.

I cherish every moment of my journey at CP Gurukul.

EXPERIENCE - what students and parents say about CP-Gurukul

Best Study Environment and Commendable teachers' coordination

Udit Pandey
Class - 7th
Kampalal, Uganda

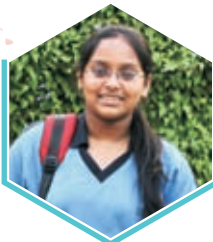

I like this place because of the good education system and I think I can make a good career. We have got one of the best environments for study here. The students are very good and the teachers' coordination is commendable. We have doubt counters, where we can clear all our doubts. We also have evening hobby classes. We have good hostel facilities and the wardens make sure that there is no misbehaving. The food here is also delicious. We have some shops in the campus wherein we can buy stationeries and groceries. We have an outing once in a month to refresh our minds. At night we have a supervisory class where we study from 8.00 to 10.00pm. Overall it is excellent.

Excellent infrastructure with sports facility

Tanishq Pandey
Class - 9th
Muscat

Gurukul is a unique campus, which has a school, coaching and best hostel all at one place. The facility here is one of the best in Kota. The infrastructure is too good whether we talk about practical labs, classrooms or even library. The teachers are experienced and very supportive. They prepared for all sorts of scholarships and competitive exams like IJSO, NTSE, JEE, NEET and others. The campus is having excellent sports facility for recreation as well.

Thanks Gurukul being the second home ...

Vedangi Sharma
Class - 8th
Kingdom of Saudi Arabia

I Vedangi Sharma from Saudi Arabia of class 8th feel really lucky to stay and study at CP Gurukul. I have a really pleasant experience here. The food we get here is really mouthwatering and delicious. The teachers and the wardens are really very kind and helpful. The morning physical training here keeps us healthy and fit. All of our daily needs and requirements are available at the Departmental Store within the campus. I thank Gurukul for giving me a second Home.

Teachers here are very passionate for teaching...

Anideepa Chakraborty
Class - 10th
Dubai, UAE

I am living in Gurukul for the past one and a half year. When I first arrived at Gurukul I wasn't very happy, as I was so far from home, but the students and teachers have been so nice to me that I started feeling more comfortable. The girls specially were very friendly and they befriended me very soon. Apart from socializing Gurukul's education system has helped me a lot. I have become, much better in studies as compared to when I was at home. The teachers try their best to help me wherever and whenever they can; they are very passionate about teaching us and are always ready to clear our doubts. They keep giving lots of extra knowledge and try to make the classes as interesting as possible by constantly involving the students in their group discussion. Gurukul has been a life time experience for me. I will never forget it and try to make the most of it every day.

Best Infra & Student Ratio

I was looking for a school which could give my child an opportunity to grow in an atmosphere conducive for learning with no stress. The school is having very good infrastructure & the best student ratio. My child is getting excellent education at a very affordable price.

Best Schooling, Coaching with Residential facilities

I was looking for the school which can provide both schooling and coaching with residential facilities under one umbrella and it was CP-Gurukul Kota. My Son (Neeraj Bhagoria) student of class XI, is preparing for JEE along with school. The CP-Gurukul has an expert and rich experienced faculty who are always there to solve the problems of the students. The residential and the campus overall has very good ambience and environment both for the students as well as for the parents. Thus, CP Gurukul has the potential to become Top Ranking Residential School in India.
