

# AUGUST Newsletter

## *Vision of the Month*

### FROM PRINCIPAL'S DESK

The month of August brought new opportunities for the students where they embraced the concept of protection. As we open ourselves more, we might believe it will take larger catastrophes to push us to our limit. Interestingly, though, it's often the big events that jolt us awake, while the small, everyday challenges catch us by surprise. Regardless of their size, form, or nature, the goal remains the same: to lean into life's discomforts and face them with clarity, rather than shielding ourselves from them.
